#### WILL FILE AMENDED TARIFFS.

Among Westbound Commodities to Share in Reduction Are Wagons, Implements, Wire Fencing, Etc.

Chicago, Feb. 27.-Important reductions from the new schedules of transcontinental freight rates, which went into effect Jan. 1, and which have aroused the active opposition of shippera from the Atlantic to the Pacific, have been agreed upon by the rallroads and will be made effective as soon as the amended tariff can be filed with the interstate commerce commission. These concessions are, in most cases, a restoration of the old rates in effect before the first of the year and amount to from 3 to 25 per cent on large num-bers of the commodities.

The increases made on Jan. 1 and the reductions announced affect both eastbound and westbound rates. Shippers in California and on the coast were more affected than the eastern territory. Some of the principal reductions are of especial interest to Chicago and the centeral states. cago and the central states, Oll rates were restored to 90 cents per 100 pounds, a reduction of 10 cents.

The rates were raised from 781/2 to 90 cents within the last year.

ARTICLES AFFECTED. The westbound rates on min-eral waters were restored to 75 cents, a reduction of 10 ctnts, on account of competition from Japan. Canned goods westbound from Colorado were reduced from 90 to 85 cents; machinery from Colorado to California from 11.76 to Colorado to California from \$1.59 to \$1.40; and on hides eastbound, an al-lowance of 3 cents per 100 for shrinkage in weight was agreed upon.

#### FREIGHT DISCRIMINATIONS,

Traffic Commissioner Babcock Tabu-

lates Figures Paid by Jobbers. Traffic Commissioner Babcock of the Commercial club traffic bureau is pre-paring a comprehensive table showing how Salt Lake is being steadily and ef-fectively discriminated against by com-paring the local arbitraries against the corresponding rates obtaining in the territory for which Denver is a whole-sale distributing center, and showlesale distirbuting center, and showing also the discrimination against Salt Lake in favor of California jobbing centers, Mr. Babcock thinks this tabulation is particularly pertinent at this time. Mr. Babcock calls attention to certain pertinent facts. certain pertinent facts. For a Sait Lake jobber to reach Grand Junction, Colo., with eastern manufactured goods, costs him \$1.33 as compared with \$1 for goods shipped via Denver. To ship goods to Modena from Sait Lake, costs \$1.18 as compared with \$1 for the Los Angeles jobber. To reach Pocatello, the Sait Lake wholesaler pays \$1.23 as compared with \$1 for the shipments direct pared with \$1 for the shipments direct ship in and then re-ship to tributary territory as far south as Springer, N. #### WILL NOT SEND BELL.

Old Liberty bell, which rang out the news of the signing of the Declaration of Independence, will not be seen at the Alaska-Yukon-Pacific exposition the Alaska-Yukon-Pacific exposition this summer. Its age and the serious split in it are against it so the trip will have to be postponed. In all probability it will never be moved from the tower of the state house at Philadelphia again. The bell cracked while toiling the death of Chief Justice Marshall in 1825 and the split is gradually extending toward the crown, being now 46 inches in length. The bell was cast in England for the old state house and brought to the United States in 1752.

#### LET THE SLOGAN BE ONE FOR PURE MILK

Editor Deseret News. Your issue this evening certainly contained an eye opener—or what aught to be an eye opener to every person within the state. I refer to the statement that one-third of a dairy band of the statement of the stat ierd in this city were afflicted wit tuberculosis, and that the examiner was powerless in the premises owing to the absence of any state regulation whatsoever.
